

AWEBB Indirect Framework

EV Chargers at Home

ChargedEV's mission is to make electric vehicle charging simple, for everyone, everywhere. Whether you're considering ChargedEV for EV charging at home, at work or on the road; they aim to deliver exceptional service and the solution that fits your needs.

With over 10 years of experience in EV charging; you can rely on a safe and compliant installation with ChargedEV. ChargedEV have curated a selection of the UK's best EV charge points based on functionality, aesthetics, and reliability, giving an option for every driver. To date, ChargedEV has completed over 35,000 domestic chargepoint installations.

Benefits to AWEBB Members:

- As part of the AWEBB framework, all members are entitled to a £50 discount using the code 'AWEBB-DISCOUNT'
- Free of charge remote survey via video call giving you peace of mind that the installation is feasible
- A choice of charge point, not fixing you in with any certain manufacturer
- 3 Year Warranty with all products as standard, managed by ChargedEV
- Fully qualified and trained installers employed by ChargedEV to ensure safe, compliant, and expert installations are carried out

Suitability Checker:

- Your property must have private off-street parking
- The charge point must be fixed permanently to an external wall
